Tamino Minerals, Inc. has a Geologic Report on its Property soon to be NI 43-101 Report

MONTREAL, QC -- *Tamino Minerals, Inc.* ("*Tamino*" or the "*Company*") (OTC Markets: *TINO*) August 28, 2019, as mentioned before the Company has prepared a Geologic Report on its El Volcan Property. The company is currently working on the logistical aspects required to implement the Geologic Report. The Company will be ready to present it's NI 43-101 Report in the near future.

This will enable the company to finalize an audit that has already started. The fact that we have been posting 8-K's generates awareness within regulators that we are going to become fully reporting soon. We will continue to acquire claims within the area and extend its current position. The Company has knowledge that water is readily available in the area so that we can drill the properties.

We are also working on other acquisitions.

The Company hasn't diluted a single share. The company currently has 149,811,161 common shares outstanding.

Our strategy is mainly to strive to generate Market Awareness and bring our current valuations to a more respectable value.

The company will make further announcements on its other projects as progress is made.

TAMINO MINERALS, INC.

TAMINO MINERALS INC. is exploring for gold deposits within a prolific gold producing State in Sonora.

On behalf of the Board,

Pedro Villagran-Garcia, President & CEO
