

Junior Gold mining company seeks equity Investors to finance \$1,2 M for exploration

**GOLD EXPLORATION
SONORA, MEXICO**

- We are looking to raise a total of \$1.2 Million dollars just for the El Volcan Project. This numbers derive from the Exploration Budget outlined within our Geologic Report.
- The properties are known to host Gold, Silver and Copper Mineralization. The property has old workings and has potential to host economical amounts of Mineable Gold at current Gold Prices
- Grab chip samples have been assayed to values that range from 2 to 40 grs of Gold per ton
- 20,000 Meter Drill Programs
